FEATURES + BENEFITS

The new Evertek™ GT provides enhanced wet braking and handling, and improved traction in wet and dry conditions.

- ▶ The new flat contour provides more grip, improving Evertek™ GT's overall performance and handling.
- ▶ The new tread compound improves wet grip for shorter braking distances and better wet traction.

1

REPLACEMENT TIRE MONITOR (RTM®):

Unique stamp that visually indicates need for tire replacement by changing from "Replacement Tire Monitor" to "Replace Tire" based on tread wear.

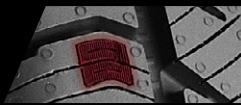

2

VISUAL ALIGNMENT INDICATORS (VAI®):

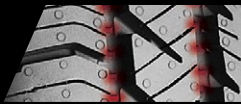

Gives drivers visual feedback indicating suggested vehicle wheel alignment check.

3

TRACTION TEETH:

Bite into snow and slush to create additional traction in deep snow and slush conditions. Deflects stones to prevent tread from catching gravel and protects from tread penetration.

Canadian Tire tests tires across a variety of road conditions to rank wet and dry performance, fuel economy and comfort.

These tests are used to calculate the tire's Road Rating as shown on the chart beside.

ROAD RATED **97.3**

- DRY 95.1
- WET 98.1
- FUEL ECONOMY 96.2
- COMFORT 98.1

Scores based on a 100-point scale.
Tire size 205/55R16 tested: 2020
