FEATURES + BENEFITS

- 1 SmartGrip:** Strong center rib and stable shoulder blocks for sporty handling. Silica rich compound, large circumferential grooves, strategically placed sipes and block edges for all-season traction.
- 2 StabiliTread:** Optimized pattern stiffness and wider footprint for longer tread life.
- 3 Replacement Tire Monitor Technology (RTM®):** Unique stamp that visually indicates need for tire replacement by changing from "Replacement Tire Monitor" to "Replace Tire" based on tread wear.

- 4 Visual Alignment Indicators (VAI®):** Extends the life of the tire by visually identifying vehicle misalignment allowing a correction before the tires are ruined.
